

Other Club Apologizes to the LARC on Their Behavior

As the newly elected President of the Amateur Radio Club of El Cajon, my first duty and action is this:

On behalf of the few remaining good members of the club, I solemnly APOLOGIZE to Paul and Ann Rios, their family and all the other good members disenfranchised from the club. What occurred was a complete TRAVESTY of Justice and a Horrendous deed that will live in Infamy for eternity. The perpetrators of this terrible occurrence have largely been vanquished from the club and us remaining members abhor the actions of those who did it.

Though no forgiveness can be expected, or should be, please be comforted that a new era has begun in the ARC of El Cajon, and no further tragedies like this will ever be allowed again. The club has suffered dearly for these sins, and rightly so.

But as the sun comes up, we only ask that we can again live in Peace with all the good LARC members and work together to further the advancement of Amateur Radio.

Pat Bunsold, WA6MHZ
ARCEC President
